Rivvy

AUSTRALIAN CATTLE DOG

Rivvy is ready to find her new home, this girl is super cute with her little bobbed tail.

She loves to show how much she loves her humans by wagging as fast as she can. Rivvy is a playful and social pup, she loves having visitors over to play with. Rivvy loves all hoomans both big and small, we do of course still recommend supervision with small humans

Rivvy gets excited to see dogs on walks and can sometimes be a little snappy. She plays off lead really well with her friend dogs.

She doesn't like squeaky toys or the vacuum cleaner. She likes going for walks and would love someone to go exploring with. Rivvy is house trained and love to chew her toys...
